

## CSR to Guna Nanda

Welcoming a new day in this year was greeted with enthusiasm by the big big family of YIGP. The spirit was spread by inviting children from the Guna Nanda Orphanage to take a part in Sharing Session with Mr. Jhoni Herry who is a former national basketball player, in addition to sharing session there is a games session with children.

During the sharing session, many life values could be drawn from Mr. Jhoni Herry's experience, among others, do not consider limitations and deficiencies as something that prevents us, make our limitations and deficiencies a challenge that we must overcome and keep the spirit to reach our goal. Game session is also no less fun, it looks like the kids are really passionate in competing between teams.

Until the end of the event, in the context of welcoming the Chinese New Year 2571, Mrs. Lies Murtiningsih who is the wife of Alm. Surya Winata ( founder of Inprase Group) shared angpao for children and ended with a group photo on the basketball court, and on this occasion YIGP has contributed to making a new basketball ring so that children can play basketball and channel their hobbies in playing basketball.

Lastly we all of the board of management of Inprase Generasi Peduli Foundation wish you a happy Chinese new year 2571
